

CRAIG KELLY STATEMENT IN FULL

The United Australia Party has no connection or ties to any violent or other anti-Semitic groups.

And to suggest so, or to publish any such as suggestion, is false and highly defamatory of myself as the leader the party.

I completely reject any suggestion of anti-Semitism, as to the contrary, I have many close friend who are Jewish, and you know from my social media posts, that I regularly post discussions between myself and good friend Dr. Zelenko.

To be absolutely clear, we do not solicit or accept any endorsements in anyway, from anyone that preaches hate, discrimination or vilification.
